2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

The community and students of Buellton, California have been served by the schools of the Buellton Union School District since 1889. The historic one-room Jonata School moved from its original location just east of the intersection of Highway 101 and Highway 246 (The Mission Road), and now continues its tradition of excellent service to the community as Jonata Middle School (grades 6-8). Oak Valley Elementary School began construction in 2002 and now serves grades TK-5. The diverse community of Buellton is a small city of just over 5,000 residents. Current enrollment in the district's schools is 614 students with potential for growth from developments in the community.

Students at the two schools reflect the diversity of the broader community with approximately 19% identified as English Learners, and 37% as socio-economically disadvantaged. Students with disabilities comprise 12% of the student population. The ethnic break-down of the students served by district schools is as follows: White, 48%; Hispanic/Latino, 43%; Two or more races, 5%; Asian, 1%; American Indian or Alaskan Native, <1%; Black or African American, <1%; Declined to state, <1%.

The district provides a rigorous curriculum for all students with special attention to equal access for all students. At Oak Valley Elementary the staff is proud of a successful reading and math intervention program supervised by an Intervention Coordinator to ensure effective delivery of services for all students. The school was recently identified as a "Knowledge Development Site" for scaling up intervention systems to provide broad support for all students in academic interventions, social-emotional learning, and behavior. English Language Development is provided by all teachers. At Jonata Middle School, the staff has created a system for comprehensive mathematics intervention and support which recently resulted in the school's recognition as a California Gold Ribbon School (2017).

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

Goal 1-- All students will demonstrate academic growth in ELA, Math, and ELD.

- Highly Qualified Teachers in all area/assignments
- Comprehensive Formative Assessments
- Time for ELD instruction, properly trained teachers
- Intervention strategies to help all students succeed
- Professional Learning Communities (PLC) to analyze data and adjust instruction.

Goal 2 -- The district provides a comprehensive curriculum that engages, challenges and prepares students for college and career.

- Activities and instructional materials to support student access to CCSS
- Professional development for teachers to continue developing pacing guides for CCSS implementation
- All students will receive a comprehensive instructional program aligned with the CCSS in Math and ELA
- Develop and extend activities that challenge and enrich student learning experiences.

Goal 3 -- Students and teachers will utilize technology effectively to support instruction and learning.

- Assess/upgrade technology infrastructure to support teaching/learning
- Professional development in instructional technology to enhance instruction, communication, productivity
- Opportunities for students to gain technology skills to enhance learning
- On-going equipment replacement
- Continue to contract with Technology Support to maintain infrastructure and provide support to students and teachers.

Goal 4 -- BUSD will foster a school environment that ensures safety, engagement, and connectedness for students, staff and families.

- Support for students in social/emotional learning, academics, and behavior through a multi-tiered system of support (MTSS)
- Facilities evaluation annually, deferred maintenance plan
- Opportunities for students to engage, connect to school
- Opportunities for parents to engage, connect to school
- Opportunities for staff involvement, engagement
- Safe, positive learning environment.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

Students in the Buellton Union School District are showing growth in their learning in several areas. With reference to the new California accountability system represented by the California Dashboard, there are several areas of high performance. We are especially proud of the progress of our English Learners as they move toward proficiency in English. The overall progress of all English Learners was in the "Green" performance band, based on status and progress. The district is also pleased with the suspension rate represented in the "Blue" performance band for our English Learners, as well as for students who are socio-economically disadvantaged. The suspension rate was in the "Green" performance band for all students and for our Hispanic sub-group.

In the area of academic achievement as measured by the CAASPP assessments, our students are doing exceptionally well. In English/Language Arts, all students achieved in the "Blue" performance band, as did our Caucasian sub-group. Also in English/Language Arts, our English Learners, socio-economically disadvantaged students, and our Hispanic sub-group, all achieved in the "Green" performance band. In Mathematics, all students achieved in the "Green" performance band, as did our socio-economically disadvantaged students and our Hispanic sub-group. Also in Mathematics, our White sub-group achieved in the highest "Blue" performance band.

The district plans to build on this success by continuing Professional Learning Communities which have focused on student achievement. In addition, staff has begun the hard work of examining instructional practices to ensure that all students have access to rigorous instruction. By examining and developing systems of support for all students, especially in the area of social-emotional "learning to learn" practices, the district is committed to a rising tide of supportive systems which will raise the success of all students.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

GREATEST NEEDS

While we are very proud of the overall academic achievement of students in the Buellton Union School District, we still have work to do to make sure that all students are making adequate progress toward proficiency with regard to the Common Core State Standards. Of particular concern is the achievement of students with disabilities on the CAASPP assessments in both English/Language Arts and Mathematics. Students with disabilities achieved in the "Orange" performance band in English/Language Arts, and achieved in the "Red" performance band in Mathematics. We will be working with Individualized Educational Plan (IEP) teams and Special Education staff to ensure that all students, regardless of their disability, continue to have access to a rich core curriculum, and are also receiving supports appropriate to their IEP goals. Staff will continue to evaluate appropriate embedded supports to facilitate effective assessment throughout students' learning experiences. Accommodations identified through the use of the Smarter Balanced matrices will be implemented in all learning environments to foster effective learning for all students, including students with disabilities.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

In addition to the district's concern regarding the achievement of students with disabilities on the CAASPP assessments in both English/Language Arts and Mathematics we have identified a need for greater focus on the needs of English Learners at all grades. Newcomers, in particular, will require renewed attention in addition to the bi-lingual staffing supports already in place. Staff are evaluating materials and support programs to assist these students with rapid language acquisition through immersion and supportive technology tools targeting the specific needs of each student. The ability of technology tools and applications to assist in the development of basic inter-personal communication skills (BICS), as well as in cognitive, academic language proficiency (CALP) will help to ensure that all students have equal access to the core curriculum.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

English learners (EL) and socio-economically disadvantaged (SED) students will benefit from increased and improved services in several ways. For EL students, English Language Development services will be more coordinated and refined due to increased professional development for instructional staff in this area. All students at the elementary level are provided targeted, integrated support for English Language Development and Academic Language Development at all grade levels. At the Middle School level, new tools will be provided to ensure that all students are provided instruction at their level, especially newcomers. Bilingual support for our Spanish-speaking students and families will be provided to ensure equal access to the core curriculum for all students.

BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures for LCAP Year	\$11,648,290
Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year	\$849,465.00

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

The district strives to implement a strategic vision for achieving student outcomes while maintaining fiscal responsibility. The budget for the Buellton Unions School District is unique in that state reporting of the overall budget includes the budget for the Santa Ynez Valley Special Education Consortium (SYVSEC) which provides special education services for seven (7) neighboring districts throughout the Santa Ynez Valley, including the Buellton Union School District as the "Administrative Unit" for oversight. The overall SYVSEC budget is larger than the Buellton Union School District budget, but is aggregated in state budget reporting. For the district, teacher, staff, and administrator salaries and benefits account for nearly 90% of the district's general fund expenditures. Other key expenditures include general overhead expenses, transportation, maintenance, and contributions to special education. The district is facing increased costs related to pensions, ongoing under-funding of special education, and a steep decline in enrollment for the 2017-2018 school year.

ANNUAL MEASURABLE OUTCOMES

EXPECTED

1. 100% of classroom teachers will be appropriately assigned (hold the proper credential for the grade and/or subject taught).
2. All students will meet CAASPP growth targets.
3. 75% or more of students in grades 4-8 will receive a cumulative grade point average of 3.0 or above.
4. English Learners (EL) will meet or exceed state targets for Annual Measurable Achievement Objectives (AMO 1 and AMO 2).
5. 80% of EL students will be reclassified by 5th grade, and 33% of long-term EL students will be reclassified by 8th grade.
6. All students will have access and be enrolled in all required areas of study.

ACTUAL

1. This target has been achieved. 100% of classroom teachers are appropriately assigned.
2. This target has been achieved. Students met, and in most cases exceeded, CAASPP growth targets.
3. The district is approaching this target with 64% of students in grades 4-8 achieving a cumulative grade point average of 3.0 or above.
4. This continues to be an area of growth and focus with progress. EL performance was high at 76.7% and maintained at 1.3%.
5. This target has been met, but remains an area of focus and needed growth to ensure that all English Learners have equal access to a rich curriculum. 80% of EL students have been reclassified by 5th grade, and 33% of long-term EL students are being reclassified by 8th grade.
6. All students have access and are enrolled in all required areas of study.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Staff has effectively utilized resources reflected in these actions/services to facilitate the support of all students in demonstrating growth in ELA, Mathematics, and ELD. Daily ELD services provided supplementally to the core academic program have resulted in increased English language proficiency as measured by reclassified English learners. Additional staff time related to the provision of interventions has resulted in increased time and support for student learning. PLCs continue to be a productive source of reflection on services provided to ensure access to the curriculum.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

With all students demonstrating achievement as evidenced by the California Dashboard accountability system, the actions and services have led toward achievement of the articulated goal. Systematic ELS services provided daily have been an effective means to provide support for English Learners, while also supporting academic language development for all students. Increases in Intervention Coordinator time as well as specific Instructional Aide services have increased the effectiveness of interventions to support all students. PLCs have supported a culture of continuous improvement in the delivery of these services to all students.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Minor adjustments to the budget resulted in some differences between budgeted and actual expenditures in this goal area. Particularly in the area of implementation of Lexia and Reading Plus, the district entered into a multi-year agreement which doubled the cost to \$30,000 and resulted in greater access to these powerful tools and improved services for all students.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Changes in site and district administration have resulted in an increased focus on intervention systems and multi-tiered systems of support for all learners (MTSS). This has resulted in a shift of focus to the areas of academic, social-emotional learning, and behavior in targeted areas. An increase in the number of newcomers has also resulted in a need to focus more services for these students, specifically to ensure that these students are provided access to the core curriculum while they increase their proficiency in English.

EXPECTED

1. All of the District's students will have access to standards-aligned instructional materials in English Language Arts, mathematics, and English Language Development as verified by Williams Act Resolution.
2. All of the District's students will receive a comprehensive instructional program aligned with CCSS in English Language Arts, mathematics, and English Language Development as determined by instructional minutes, classroom schedules, pacing plans, and principal observations.
3. Programs and services provided enable ELs to access core academic content and ELD standards as determined by instructional minutes, classroom schedules, pacing plans, and principal observations.
4. All classroom teachers received more than twelve hours of professional development in CCSS English Language Arts, mathematics, and English Language Development as identified in the school site professional development plans.

ACTUAL

1. All of the District's students have access to standards-aligned instructional materials in English Language Arts, mathematics, and English Language Development as verified by quarterly Williams Act Resolutions.
2. All of the District's students receive a comprehensive instructional program aligned with CCSS in English Language Arts, mathematics, and English Language Development as determined by instructional minutes, classroom schedules, pacing plans, and principal observations.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Buellton Union School District adopted and implemented curriculum materials which support a comprehensive, standards-aligned instructional program in mathematics and ELA/ELD. A consistent provision of time and support has allowed the district's PLCs to continue and thrive as the seed-bed for continuous improvement in the instructional program. Professional development, designed and led by staff, is leading to a more clearly articulated plan for training to meet student needs.

The implementation of new instructional materials, especially in Math and ELA/ELD, has been an effective support to systems in place for all learners. Standards-aligned ELA materials, integrated for ELD, have provided a consistent basis for improved instruction in language and literacy development for all students. Professional learning communities, fostered by a commitment of time and the focus of staff, have resulted in a cycle of self-reflection and continuous improvement as evidenced by local progress monitoring assessment results. Professional development activities have resulted in a closer alignment of program resources to meet student learning goals.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The district committed additional resources in the area of robotics, computer science and STEM of approximately \$9,000, resulting in greater access to these programs, and increased services for students.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Services provided for English Language Development will be augmented to better provide for the needs of newcomers to the district. Particularly at the middle school level, where the district has experienced a surge of students with minimal English proficiency this year, services will be augmented to provide much-needed support. This has resulted from working with these students, as well as through a close examination of the assessment results represented by the multiple measures on the California Dashboard.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Staff have worked effectively to identify grade-level appropriate targets for technology skill development based on a scope and sequence tied to grade level content. This is an on-going project which will continue to guide decisions regarding the utilization of instructional technology in each grade. Devices are being replaced to meet instructional needs, and services are being maintained to support instructional need at both sites. Professional development continues to be provided with regard to programs in use in the district to ensure effective use of these tools in instructional support.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Students are showing exceptional growth in reading skills through the coordination of programs like Reading PLUS and Lexia and the school's own intervention program to support all developing readers. Increased attention to developing effective technology skills for students with disabilities will result from an examination of the results on the California Dashboard in academic achievement on the CAASPP.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

In the fall of 2015, Buellton USD employed a full-time Technology Support Specialist who left the district in November 2016. Since then the district has employed services for technology support by contracting with a local vendor. This new approach is being evaluated given budget constraints and the needs of students and teachers.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Budget constraints continue to present challenges in keeping pace with changes in technology for instruction. A plan for device replacement is in place and will continue to meet goals for all students to have access to technology tools for learning. Currently, the district is evaluating the need for a full-time staff member to provide technology support.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Buellton Union School District has continued to maintain facilities in an exemplary fashion for service of education programs and the broader community. The district has expanded opportunities under new administrative leadership for students, especially at the middle school level, to be more involved in decisions impacting student life and student engagement. Parents are also being engaged in new ways to encourage participation in decisions around school governance. Parent education events have increased, and surveys indicate that parents feel connected with the schools, but want more effective tools for communication. Systems of support (academic, Social/emotional, behavioral) for all students are being addressed through the SUMS initiative, and will ultimately result in increased services to support all students.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Regular Williams Settlement reporting on the state of school facilities and the provision of basic services indicates that the district is doing an outstanding job maintaining facilities and providing for the educational needs of all students. Students, particularly at the middle school level, need to have more opportunities to participate in decisions impacting their education and the conditions at school. Parent engagement and opportunities for involvement in decision making is increasing, with increased attendance at Parent Education events sponsored by school administration. School Site Councils are meeting regularly again, and there have been multiple opportunities for Spanish-speaking families to access events and participate fully in the life of their schools to support all children. While both Oak Valley Elementary and Jonata Middle Schools have excellent interventions in place, the SUMS initiative is allowing staff to engage in system-thinking about how to "scale up" these systems to better serve all students in the areas of academic, social/emotional, and behavioral learning.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were minimal differences between the budgeted and estimated actual expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The biggest changes have been in the area of parent engagement and school climate. An increase in the number and frequency of parent education events (mostly in the evenings) has resulted in increased participation in school activities, especially by parents of English Learners. This will be an area of focus and needed growth as we continue to pursue this goal. In the area of school climate, there has been increased attention to support systems for students. While our counselor was out for most of the year due to circumstances beyond her control, the school as a whole began the challenging work of expanding and improving systems to provide support for all students (MTSS/SUMS Initiative). This will be a multi-year effort to expand academic interventions to social/emotional supports to impact behavior and all learning for all students, and provide the very best school environment to support learners.

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Meetings with stakeholder groups were used to review LCAP goals, actions and services in order to better serve all student groups. Meetings included facilitation of stakeholder input for goal setting, services and actions. Stakeholder groups represented included parents, community members, staff, and representatives of the local bargaining unit of the school district. Particularly in the District Advisory Council, the analysis of student achievement, goal setting, monitoring of unduplicated students and implementation of services was the focus of multiple meetings to more clearly define district plans and services. Discussion and input regarding the needs of English Learners, socio-economically disadvantaged students, and students with disabilities were particular areas which led to more targeted goals and services to meet the unique needs of these students. These changes reflected in the LCAP to goals, expected outcomes, and actions directly resulted from this input and discussion around the needs of EL, socio-economically disadvantaged

students, and students with disabilities.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year	<input checked="" type="checkbox"/> 2017–18	<input type="checkbox"/> 2018–19	<input type="checkbox"/> 2019–20
Estimated Supplemental and Concentration Grant Funds:	\$389,740		
Percentage to Increase or Improve Services:	8.11%		

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

Services for unduplicated pupils are improved through a number of actions being taken by the district. Staffing to serve unduplicated pupils includes a fully-credentialed counselor to provide social/emotional learning support and crisis support. These services are being further examined by all staff as the district participates in the MTSS/SUMS statewide initiative to improve and expand intervention supports for all students. Enhancements to academic interventions for unduplicated pupils include additional classified staff to progress monitor and provide interventions for all students. On-going improvements to social/emotional learning supports and behavioral supports will be a focus of professional development activities in the next few years. English Learners are provided bilingual support staff, as well as individualized support to increase English proficiency while maintaining appropriate academic progress in content areas. Additional family support services are provided through an agreement for the provision of services by a community partner organization (People Helping People) that includes family counseling, food and housing support, and legal services as needed. Access to the life of the school is further enhanced through the provision of translation services at all school events, including parent conferences.

Revised Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under EC Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fq/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to "LEA-wide."
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to "schoolwide".
- If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", place a check mark next to "Limited to Student Groups".

For charter schools and single-school school districts, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting "Specific Schools" and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the "Action #" box for ease of reference.

New/Modified/Unchanged:

- Check "New" if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check "Modified" if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check "Unchanged" if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check "Unchanged" and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school's budget that is submitted to the school's authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to and effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to and effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) "Middle School dropout rate" shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) "High school dropout rate" shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) "High school graduation rate" shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) "Suspension rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
